

FLX2 VOIP

Field Verified Platforms

May 2017

Field Verified Platforms

“Field Verified” refers to the FLX2 being able to have basic 3rd party SIP operability on these platforms which are in everyday use at customer and partner sites.

The following table lists the current known platforms which the FLX2 VoIP is compatible with:

VoIP Provider	Platform name
3CX	3CX Phone System
8x8	Virtual Office
Aastra	5000, MX-ONE
AG Projects	SIP2SIP
Avaya	IP Office, Communications Manager with Session Manager
Broadsoft	BroadWorks
Cisco	Unified Communication Manager, UC500
Digium	Asterisk
Junction Networks	OnSIP Hosted PBX
Mitel	3300 ICP
NEC	Univerge SV 8500
Panasonic	KX-TDE100, KX-TDE200, KX-TDE600, KX-NCP500, KX-NCP1000
Ringcentral	Ringcentral Hosted
Shoretel	Shoregear
Siemens Enterprise Communications	HiPath 4000, OpenScape Voice

The above list of verified platforms is in constant change. If you do not find your VoIP provider in the above list, please contact FLXSupport@revolabs.com.

If your hosted provider is not on this list, please enquire with them if they allow and support 3rd party SIP phones.
